## O Won't You let me near You?

**Words & Music by:** Robin Stevens

O won't you let me near you?  
Won'g you let me into your pain?  
You freely give to others  
But when will you learn to receive  
from them?

Firm in every crisis, a tower of strength to all  
Calm in times of trial, you never seem to fall  
Most happy as a servant, busy all day long  
Yet inside a voice is lamenting  
And you're deaf to your heart's own song

O won't you let...

Deep within you're hurting  
Allow yourself to feel  
Yes, it's good to care for neighbours  
But you have needs as well  
No-one's ever reached you  
Shared your hidden shame  
They're denied the hoy of listening  
As you run away once again

O won't you let...
